## CLUB NEWS

### COVID-19 INFORMATION

Club members,

Due to the recent coronavirus outbreak, several Club events had to either be cancelled or postponed. The annual Open House event scheduled for May 16-17th, the May meeting, and the Spring raffle were affected. The Spring general meeting and elections have now been moved to September 12th.

On this date we will also hold a work party from 9am-1pm and the open house at the same time. Our general membership meeting will be held at 5pm at the upper gate in order to adhere to state guidelines for gatherings. At this meeting, the club will host a cookout consisting of a pig roast or something similar. We hope to gather and celebrate another great year at NSC.

Extensive roadwork is planned by F&W on Beaver Brook Rd past the new dam all the way to Boulder Alley. Please use caution while using the club roads this summer and be sure to yield the right of way to F&W construction equipment. Road maintenance, culvert repair, and ditching is also in progress on the north gate rd.

For anyone planning a trip to the property, please continue to abide by the social distancing guidelines provided by the CDC when other club members are present. If needed, hand sanitizer has been placed in the mailboxes at both north and south gates.

### SPRING RAFFLE TICKETS

### PROPERTY CHAIRMAN AND WORK DAYS

Jay Caponera recently appointed a new property Chairman. Victor Herbert will take over for long time chairman, Bruce Murdock. Bruce has done an exemplary job throughout the years keeping the club in tip top shape. From all the members, we thank you for all of your hard work.

Victor has established September 12th as the one workday for this year. If you can not make it to this workday, Victor is willing to meet with you to come up with an alternative activity to fulfill your workday duty.

All members are highly encouraged to participate in a work day. Not only does this satisfy your membership requirement to participate or pay \$100 (billed the following year), it adds to the overall quality of our club. Many hands make light work and we can use all members hands.
